## "Our USPs"

At R.S. Enterprise we do not have any minimum order quantity we believe in serving everyone from large organizations to young start-ups.

Orders are customer specific in terms of color, quality, and design or pattern. Our trained operators help us ensure the maximum level of quality.

We make sure that the orders are processed in time according to the set delivery dates.

At R.S. Enterprise we make sure that our customers can get each and everything related to elastics and webbing in one place.

We not only provide you with our products but also educate our customers on how to properly use the products for their long-term sustainability and effectiveness.

## Our Future Plans

We aim to increase our production capacity to 1 lakh mtrs per day by increasing our machine from 35 to 80 by 2026. We are also planning to make an in-house department for testing facility to our customers.

# "Nurturing a Sustainable Society" **OUR COLLECTIVE DUTY**

---

We acknowledge the invaluable contributions of nature and society in enriching our lives, and we actively strive to reciprocate their generosity through a multitude of meaningful endeavors.

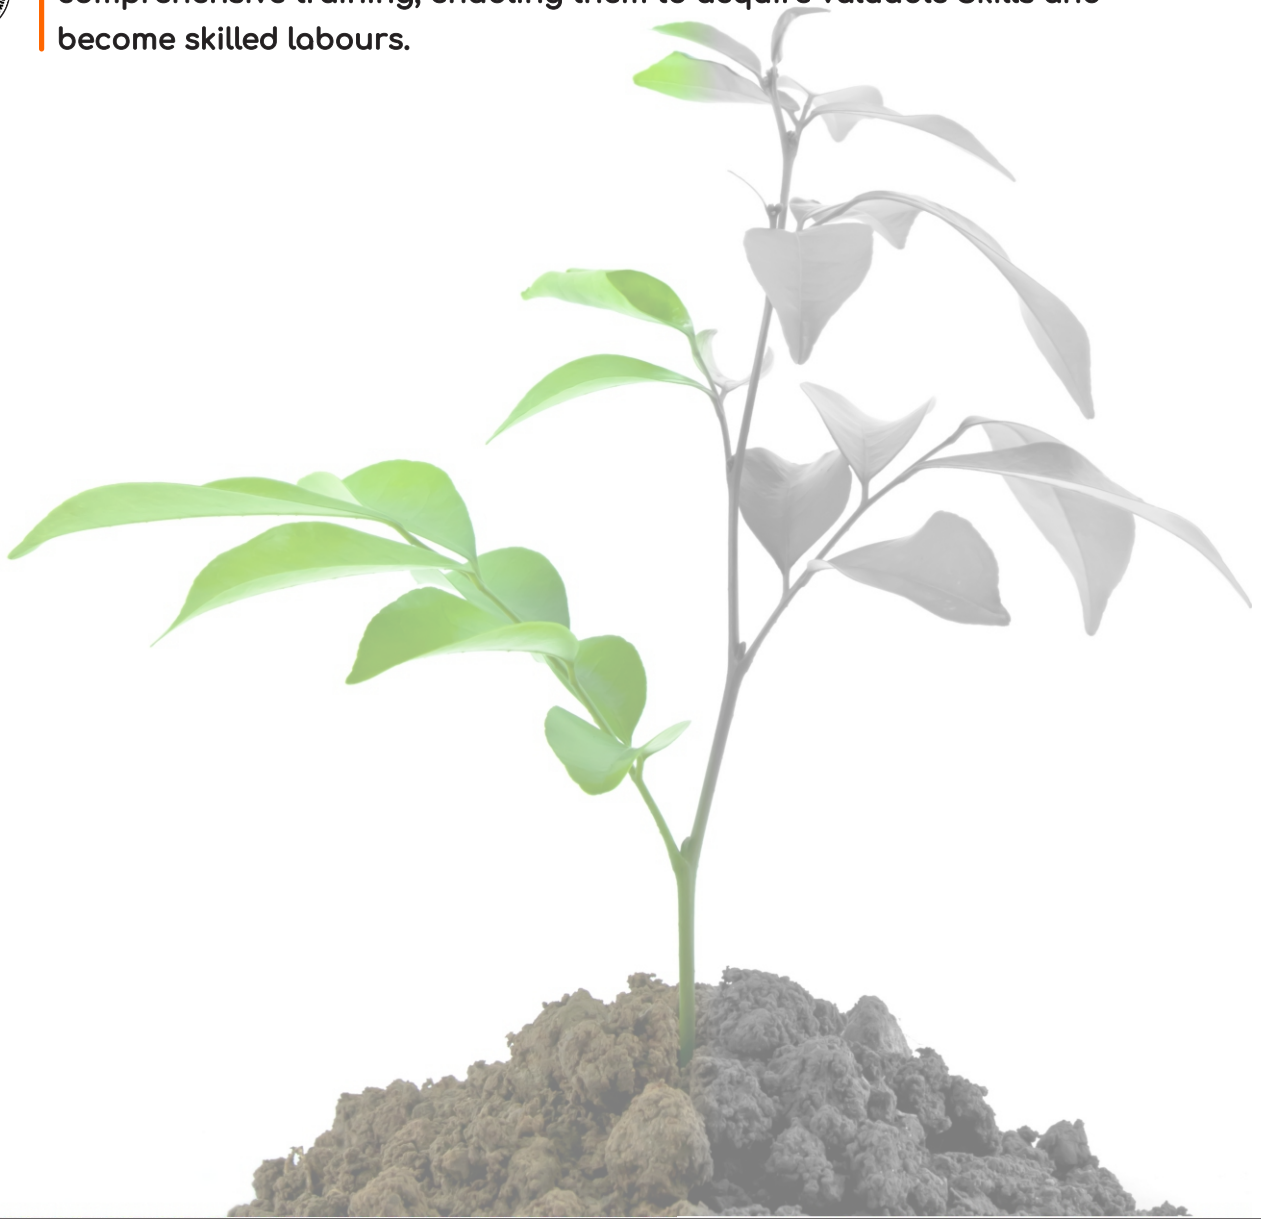

Our commitment to product quality and safety is reflected in our exclusive use of filtered RO water. By maintaining a neutral pH level, we ensure our products have no adverse effects on human skin

We are now focusing on producing our products with the help of Recycled raw materials like Recycled PET Yarns, Recycling Polyester yarns etc.

R.S. Enterprise empowers rural and uneducated youth by providing them comprehensive training, enabling them to acquire valuable Skills and become skilled labours.
